### COMMITTEE OF ADJUSTMENT

FILE NO. A22/22  
Revised Notice

#### NOTICE OF PUBLIC HEARING UNDER SECTION 45 OF THE PLANNING ACT R.S.O. 1990, AS AMENDED.

**LANDS SUBJECT TO THE APPLICATION:** CON 16 W PT LOT 6 RP 51R534;PART 1 PT, municipally addressed as 1888 River Rd West, Town of Wasaga Beach, County of Simcoe

The subject lands have a frontage of approximately 31.37 metres (102.9 ft.), a depth of approximately 79.69 metres (261.45 ft.) and an area of approximately 1297.5 square metres (13966.17 sq. ft.).

**VARIANCE REQUESTED:** Application for Minor Variance A22/22 was submitted by Abbey Scott, on behalf of Craig McEwan, the owner of the subject lands.

The application requests relief from Section 3.23 "Non-Complying Lots, Buildings or Structures", of Comprehensive Zoning By-Law 2003-60 as amended. Specifically, the applicant requests relief from:

- Section 3.23.3 - to recognize the location of the existing dwelling with an interior side yard setback of 1.7m (5.10 ft.) along the north eastern property boundary, 1.68 metres (5.5 ft.) along the south eastern property boundary, and 1.75 metres (5.73 feet) along the north west property boundary. Further, the variance would permit an addition that would maintain the existing building footprint and increase the height from 3.4 metres (11.15 ft.) to 6.4 metres (21 ft.), as well as permit the construction of a new covered porch.

The application further requests relief from Section 4, "Residential Type 1", of Zoning By-law 2003-60 as amended, specifically:

- Section 4.3.5 - To permit the construction of a new basement addition that would maintain the existing interior side yard setbacks of 1.7m (5.10 ft) along the north eastern property boundary, 1.68 metres (5.5 ft.) along the easterly property boundary, and 1.75 metres (5.73 ft.) along the north west property boundary, whereas 1.8 metres (5.9 ft.) is required.

In addition to the above, the application also requests relief from Section 3.3, "Yard Encroachments", specifically from:

- Section 3.3.3 - To permit a deck projection of 1.8m (5.9 ft.) into the interior side yard, whereas a deck may project into a required interior side yard a maximum distance of 0.9 metres (2.95 ft), provided that the deck is not more than 0.6 metres above the finished grade.

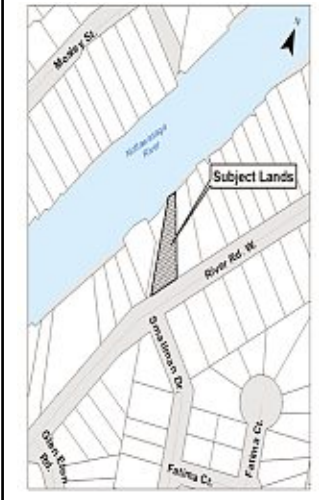

The variances requested would recognize the existing dwelling with reduced interior side yards on both the east and west property boundaries, and permit the construction of a new basement addition that would maintain the existing interior side yard setbacks. Additionally, the variance would permit the existing deck to encroach 1.8 metres into the required interior side yard on the eastern property boundary.

**OTHER APPLICATIONS:** The property subject to this application for minor variance is not currently the subject of other application(s) under the Planning Act.
