Fall/Winter 2024-25

# REC GUIDE

705-429-3321 • [wasagabeach.com/recreation](https://wasagabeach.com/recreation)

# MESSAGE FROM THE MAYOR

Thank you for picking up the latest edition of the town's Recreation Guide.

Council and staff are committed to providing a wide range of activities and programs that cater to the interests and needs of our diverse community members. Whether you are a sports enthusiast, an outdoor adventurer, a fitness lover, or someone who enjoys arts and culture, you'll find something exciting for everyone in the pages of this guide.

Wasaga Beach is well known for having the longest freshwater beach in the world, and while we might be packing up the shovels and sun umbrellas as we welcome the cooler temperatures of fall and winter, the fun on the sand doesn't have to stop. Join a line dancing class, try pickleball or take a paddle on the Nottawasaga River and experience the vibrant fall colours as the seasons change.

In addition to the waterfront, Wasaga is home to more than 100 kilometres of on-road and off-road trails. Getting out on the trail system to hike, bike, snowshoe or cross-country ski is a terrific way to experience Wasaga Beach. The magnificent views and the wildlife we can see serve as a reminder of how fortunate we are to live right here.

We recently opened our new Wasaga Stars Arena and Wasaga Beach Public Library at 544 River Road West. This facility has allowed our Recreation and Facilities staff to program even more great activities and programs that reflect the unique needs and interests of our community. From youth programs to sports leagues, from arts and crafts workshops to outdoor adventures, there is truly something for everyone in the Town of Wasaga Beach!

I encourage all residents to take full advantage of the programs and activities listed in our Recreation Guide. Whether you are a long-time resident or new to our town, coming together through recreation is a great way to meet new people, explore new interests, and create lasting memories.

Your feedback regarding our recreational programs matters to us. If you have an idea for a program, please let us know. We always love to hear from you.

No matter what activities you settle on this fall and winter, on behalf of council and staff I hope you have a great time in our spectacular community.

Sincerely, Brian Smith, Mayor

## DANGEROUS WINTER WATER CONDITIONS

### GENERAL TIPS

- Be suspicious; you can't tell the strength of the ice by its appearance
- Before you head onto ice, check reported conditions with a local marina operator or snowmobile club
- Avoid travelling on ice at night. Only clear, hard ice is recommended for travel. Keep away from unfamiliar/unknown ice
- If you must venture onto the ice, wear a thermal protection buoyant suit to increase your chances of survival if you fall through
- Before you leave shore, inform someone of your destination and expected return
- Assemble a small personal safety kit to carry with you, including a whistle, rope, ice pick and cell phone.

### ALWAYS AVOID

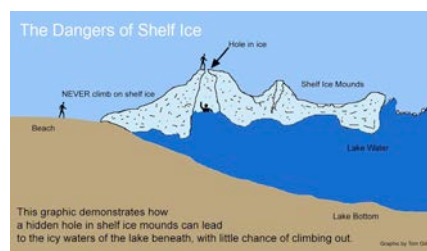

- Thawed/recently frozen ice
- Slushy/rotten ice
- Ice near moving water
- Going on the ice alone

### SELF-RESCUE TIPS

- Float on your stomach facing the shore
- Reach forward onto the ice shelf; do not push down on it
- Kick your legs to push your torso onto the ice
- Crawl/roll away from the hole
- If you can't climb out, float in the water and call for help
- Get medical help immediately

### ASSISTING OTHERS

- Do not attempt to go on the ice
- Push or throw a stick, rope or floating aid to the victim
- Seek help fast. Call 911 for assistance
- **Remember - Reach, Throw... but DO NOT GO!**

A photograph of two women snowshoeing through a snowy forest. The woman in the foreground is wearing a bright pink jacket, a white knit beanie with a pom-pom, and black pants. She is smiling and looking down at her snowshoes. The woman behind her is wearing a dark blue jacket and a grey knit beanie. They are both wearing snowshoes and walking on a snow-covered path. The background shows trees and a bright sky.

# Just another day at the beach

Some people know Wasaga Beach solely for our magnificent shoreline. For those that live and work here, the beach is just the beginning.
